

Religious Education Program Safety Policies

No teacher should ever be alone with one child (unless it's their own child). If you are the first to drop off your child and there is only one teacher, you must stay until another teacher or child arrives.

We perform background checks on all individuals who work with children and youth.

Children younger than High School will not be dismissed on their own. Please be mindful of this when socializing after the service. You may pick up children from the Annex until 12:45 and children from the 1st – 8th grade classes will be on the playground at Charleston Day School.

Snacks offered include granola bars, raisins, or other fruit/veggies, and a gluten-free option. Please remind teachers if your child has food allergies.

Teachers are trained on the best route to exit in an emergency. Limited first aid kits are provided in every classroom and a more complete kit is in the office.
